**Winemaker's Notes**

Harvested on August 26 and foot stomped in open top bin. All spontaneous fermentations on skins and stems with twice-daily punchdowns for 10 days. Only free run wine transferred to Flex tank (no pressing). Wine sulfited and bottled on March 13, 2022. That's it.

**Nota Bene**

Only free run used. The press wine was combined with piquette and honey to create our spritzzy "Beequette" in cans.
